

# Sixth Form Subject Exhibition

## VYNERS CAREERS BULLETIN

Sixth Form students recently led a series of subject stalls aimed at supporting Year 11 students as they consider their post-16 pathways. The event gave Year 11s the chance to ask questions and speak openly with current Sixth Formers about A-level and BTEC courses, including what to expect in terms of content, assessment, and commitment. These conversations provided honest, first-hand perspectives that helped students develop a clearer understanding of their options. The interactive nature of the stalls fostered a welcoming and reassuring atmosphere, empowering Year 11 students to make confident and well-informed choices about their next steps.
